Hong Kong

Green Investment Project

Manulife participated in the Hong Kong Airport Authority's (AAHK) Multi-tranche US dollar green investment financing plan and received full allocations on 10-year, 30-year and 40-year tranches. Proceeds will be used to fund the AAHK's capital expenditure, including the Three-runway System project.

This investment helps Hong Kong International Airport continue to develop into one of the world's greenest airports, further demonstrating our support to develop Hong Kong as an international sustainable financial hub.
